

August 25, 1882

Alexander, Odella

DIED.

ALEXANDER—At the residence of her father in Harrison county, Miss., August 25, 1882, of typhoid fever, Miss **ODELLA ALEXANDER**, daughter of John T. and Mary Alexander, aged twenty-one years and four months.

Thus it has pleased the angel of death to remove from earth this lovely girl, and has transplanted her to a fairer clime where she will shine with brightness throughout eternity. The writer having known this young lady all her life, knew her to possess excellent qualities. A consistent member of the Methodist church, a dutiful daughter, a true and faithful friend. Her death has caused an air of gloom and sorrow throughout the neighborhood in which she lived. She was much loved by all who knew her intimately. We deeply sympathize with her fond parents, brother and sister in their heartfelt sorrow; may God bless and comfort them.

Weep not dear parents, brother and sister, you may go to your loved one in Glory where she is "waiting and watching for you." H.
